

Second Annual Halloween Trick or Treat Trail Walk

The second annual “Halloween Trick or Treat Trail Walk” will take place on Saturday, October 29, 2022 from 1-3 pm hosted by SATA Trails Society. Location of the festivities will be on the Gaetz Brook Greenway Trail from East Chezzetcook to the Royal Canadian Legion Branch 161 (3-4km). Rain date will be Sunday October 30, 2022. It’s an accessible event, open to people of all ages and their four legged friends.

Grab your friends and/or community members and set up a Street, Lane, Drive station? Deadline to show interest in setting up a treat station is **October 15, 2022**. This would include providing a site set up, treats to give out and people to hand out the treats to those walking along the trail. Treats don’t have to be candy, get creative! We are asking stations to prepare for minimum of 2,000 items for the trick or treater(s).

SATA Trails Society and some volunteer community members thought it would be nice to have a fun, safe, family orientated community event which also promotes active living in our community and the use of the Gaetz Brook Greenway Trail, which is part of the Trans Canada Trail. This is a free event and is the product of donations from businesses and individual community members. It's been estimated that last year’s event had 1000 participants dressed in costumes having fun while trick or treating on the trail. Based on community interest so far, we are expecting this year’s Halloween Trick or Treat Trail Walk to be even more successful and preparing for a trick to treater count double last years.

Reminder to participants to be respectful of the people living along the trails by staying on the trail and not to venture off on private property or park in such a way as to obstruct driveways.
